book, projector, or board.
You are reading or writing
in order to complete task.

Taking Notes

(Listening to Directions)

Conversation	No talking
Help	Raise your hand.
Activity	Listening, thinking, asking questions and writing things down.
Movement	Stay seated, unless you need to sharpen pencil.
Participation	Eyes are on the teacher, your paper, book, board, or the projector. You look like you are listening, understanding, asking questions, and are taking notes.

Classwork

(Small Group Lab Work)

- | | |
|----------------------|---|
| Conversation | You may talk quietly with your classmate only in your group. |
| Help | First seek help from your group members. If you still have a question, one person from your group will raise their hand. |
| Activity | Working together to complete task or discuss something the class read. |
| Movement | No movement allowed unless it is required by the activity. |
| Participation | You should be talking quietly and respectfully, listening attentively, reading or writing in order to complete task. No one should be working alone unless the teacher directed it. |
